Born in 1987 in Warsaw, People's Republic of Poland, **Noemi Conan** completed her BA (Hons) in Painting and Printmaking at the Glasgow School of Art in 2021, followed by the Drawing Year 2021-2022, a postgraduate scholarship programme at the Royal Drawing School in London. Using a cast of recurring characters such as ferocious female figures, felines, and ominous conifers, Conan recalls the stories of her childhood in rural Poland during the economic transformation of the 1990s and early 2000s. Combining humor with fantasy and horror elements the work examines the legacy of socialist realism and neoliberal reform from a surreal, liminal perspective.
